7) FACIAL TREATMENTS

ESSENTIAL FACIAL TREATMENTS (60')

€ 65,00

I - HYDRATING

Deep skin treatment, able to protect the elasticity, luminosity and humidity of the tissues, maintaining the hydric balance of the skin, removing tensions and smoothing wrinkles. It is the perfect treatment for the transition between seasons, particularly effective when applied after summer and at the end of winter.

II - ANTI AGE

Treatment that prevents and smooths the appearance of the first wrinkles, helping to combat the ageing of skin. It defines and tones the contours of the face, creating an immediate lifting effect. It effectively combats the signs of time and maintains beauty by prolonging a youthful face.

III – OILY/COMBINATION SKIN

Highly effective treatment for impure skin types, which regulates the levels of sebaceous production, removes impurities and smooths localised imperfections, leaving a sensation of comfort and soft skin, which protects the skin from premature ageing. It helps to purify the skin, by restoring its balance.

IV – SENSITIVE SKIN

Soothing treatment that provides a concentrated softness and freshness suitable for sensitive and easily irritated skin types. It effectively combats capillary fragility, toning the surface vessels, giving them better resistance against external daily aggravations. The skin stays protected, balanced and completely smooth.

V – ANTI-BLEMISH TREATMENT

Highly regenerating depigmentation treatment suitable for unifying skin tone, as well as contributing to a renewed and homogenous skin surface.

Whitening treatment for surface blemishes associated with age or pregnancy blemishes (Versicolor).
